Subject: Stratus on SSE, LLC license

Mike,

The new license holder for Schlesinger Siemens Electrical, LLC will be Ralph Scotti, our superintendent.
He was yesterday at the BoB and meet with Mrs. Reed to go through the submitted application paperwork.

His license number when it was put on the shelf was #11630 and he has paid all fees to have it reinstated.

Attached you find the hand marked checklist he was given showing which documents they are requesting in addition or in an updated form compared to what was submitted so far.

He has his next appointment with Mrs. Reed at 9:30 on January 7th, 2009.

Please let me know if you need any additional information.

Regards,

Roland Dung
Chief Executive Officer
